Simple

Visiting nurses fill the gap
Successes include its formal relationship with Clearwater Valley Hospital and Clinics and Essentia Health, shared staffing, streamlined operations, and leadership model, all of which are unique when considering other CAHs in the U.S. In fact, when the national Flex Program was creating operational CAH models like that of St. Mary’s Regional and Clinics and Clearwater Valley Hospital and Clinics were envisioned; however, few have materialized and remain successful over the past 14 years.
