Data Summit Attendee Quote

*This was my first year attending and I will **definitely return** next year. **Practical discussions**, show-and-tells, and lessons learned from the other Offices of Rural Health were **incredibly helpful** and it was great to know “we are not alone”!*

“I’d like to introduce you all to our new GIS analyst...”

“Don’t forget the Do Good Data conference is coming up! I’ll be there if you want to connect.”

News

Data User Listserv

We gave four good pollsters the same raw data. They had four different results.

News

Which chart do you think is more honest?

The dirty little secret that data journalists aren't telling you

Data User Listserv

“I just saw a presentation of this new interactive data tool for getting census data...”

“I came across an email this morning – cool free tools to clean data in a PDF!”

Tools

Data User Listserv

“Have any of you had this issue with the data? How did you resolve it?”

“Does anyone know how I can get my hands on this data?”

Questions

The great debate: ZIP codes vs ZCTAs

Data User Listserv

“I just shared your question with a colleague. He thinks he can help.”

“I’ve had the same issue! Last year...”

“We are in the same situation, waiting to hear...”

Answers

Entertainment Weekly is to data as Neil deGrasse Tyson is to astrophysics

Shut up about the y-axis. It shouldn't always start at zero.

Bad survey design – I almost couldn't read the whole thing

Pennies

Data User Listserv

“Which of these measures are useful? Which ones *could* be useful if written differently?”

“Is this something that would be helpful to you? What is it missing?”

“Does this viz make sense? Suggestions?”

Feedback

Data User Listserv Quote

*I plan to make better use of the Listserv this year as I can now see the **friendly** and **super smart** faces on the other end and realize there is a **wealth of knowledge** out there I can tap into!*
