# Community-Based Division (CBD) through the years...

**CBD was born  
on February  
2009!!!**

- Since 2010, CBD has been able to administer 8 pilot programs focusing on emerging trends and issues facing rural communities
- 2009: 14/15 staff (?)  
2019: 14 staff

- **2012: Community Health Gateway**
- **2012: Evidence-Based approach on 330A programs**
- **More robust data, analysis and data collection processes**
- **Enhanced dissemination and communication mechanisms (e.g. FORHP Grants in Motion, CBD Grand Rounds & Highlights, Author's group etc.)**
- **Flexibility on program design**

# Community-Based Division Priorities

## Developing an “identity” for the Outreach Programs

Being able to tell the impact of the  
Outreach Programs

## Innovation in program design/redesign

Aligning activities and data of the  
program to the intent of the  
program legislation

## Data refinement

Refining how to tell impact of the  
program through data
