# Section 131 GME Tables for Alabama

This report classifies each hospital in the state into four groups based on data provided by the Centers for Medicare & Medicaid Services to aid in determining a hospital's eligibility to revise certain GME parameters under Section 131 of the CAA. For more details, visit the CMS website here. Classifications were prepared by staff of the Rural Residency Planning and Development (RRPD) and Teaching Health Center Planning and Development (THCPD) Technical Assistance Centers using data provided by CMS; hospitals are encouraged to confirm all data presented. The tables below are presented as a screening, are not definitive, and may differ from the classifications determined by CMS, the MAC, or other regulatory bodies. Further information, including data, presentations, and tools are available at RuralGME.org

### Overview

Hospitals — with the exception of Critical Access Hospitals – are classified into four categories based on their historical GME funding and expense. Category A and Category B Hospitals first claimed a few residents. Generally speaking, a Category A hospital first claimed fewer than 1.0 residents prior to October 1, 1997; a Category B hospital first claimed no more than 3.0 residents on or after October 1, 1997. Never Claimer hospitals have not claimed GME on a cost report since 1996. All other hospitals meet none of the three categories – we call these "Non-A Non-B Hospitals." Note that Critical Access Hospitals are paid for GME by an entirely different mechanism and are omitted from all lists below; information about this is available at RuralGME.org. The following figure presents an oversimplified, high-level overview.

#### What category hospital are you?\* Has the hospital ever claimed residents? Yes No How many You are a Never Claimer: residents has your Hospitals that have never hospital claimed? claimed resident FTE's on their cost reports All other hospitals (at least 1.0 FTE before Less than 1.0 FTE's Less than or equal to 3.0 1997 or more than 3.0 (became teaching FTE's (became teaching FTE's after 1997) hospital BEFORE 1997) hospital AFTER 1997) You are a Category A You are a Category B You are a "Non-A non-B"' established teaching Hospital: Became a Hospital: Became a hospital: Established teaching hospitals that have teaching hospital before teaching hospital after Oct claimed greater than 1.0 FTE (Non-A) or greater than Oct 1997 AND claim less 1997 AND claim less than 3.0 FTE (Non-B) than 1 resident FTE per or equal to 3 resident FTE's veal per vear. \*Disclaimer: This is an oversimplified model of four categories of hospitals based on GME history Review detailed GME table and HCRIS file to confirm your hospital's category.

**Overview of Categorization Process** 

We recommend State Offices of Rural Health encourage **Category A and Category B** hospitals to carefully review their categorization using the Rural GME HCRIS Data Tool, **Never Claimers** to verify that they indeed have not claimed GME, and **Non-A and Non-B Hospitals** to confirm that they do not meet the qualifications for Category A or Category B.

Further details for each category are provided below. Note that hospital names are truncated to 40 characters. An asterisk in the "PRA?" column denotes that the maximum PRA paid by the hospital is less than benchmark PRA for the region. Each table is sorted by the county of the hospital; for hospitals that could not be assigned to a county, the city of the mailing address is provided.

**For All Hospital Types:** If you check the HCRIS data and believe it is inaccurate then you must electronically submit complete and unambiguous documentation to your MAC no later than July 1, 2022 contesting the HCRIS data.

### **1** Category A Hospitals

**Category A:** Hospitals that became teaching hospitals (set PRA and cap) before October 1997 where that PRA and cap (either or both of DGME and IME) were set based on an FTE of less than 1.0.

- Category A hospitals may be eligible to *reset their PRA* when they train 1.0 or more FTEs from either existing or new programs in the earliest cost reporting period beginning on or after December 27, 2020 and before December 27, 2025.
- Category A Hospitals may be eligible to *reset their resident cap* if they start a new residency program training at least 1.0 FTEs between December 27, 2020 and before December 27, 2025.

*Next Step:* Category A Hospitals should confirm the accuracy of their PRA/CAP and then may contact their MAC to request a PRA reset and/or resident cap reset before December 27, 2025.

### Table 1: Category A

CCN	Name	County	PRA?	Max PRA
010045	FAYETTE MEDICAL CENTER	FAYETTE	*	0
010056	ST VINCENT'S BIRMINGHAM	JEFFERSON	*	88796
010029	THE EAST ALABAMA HEALTHCARE AUTHORITY	LEE	*	0

An asterisk in the PRA? column denotes that the maximum PRA paid by the hospital is less than benchmark PRA for the region.

## 2 Category B Hospitals

**Category B:** Hospitals that became teaching hospitals (set PRA and cap) after October 1997 through January 2021 where that PRA and cap (either or both of DGME and IME) were set based on an FTE of less than 3.0.

- Category B hospitals may be eligible to *reset their PRA* when they train 3.0 or more FTEs from either exisitng or new programs in the earliest cost reporting period beginning on or after December 27, 2020 and before December 27, 2025.
- Category B Hospitals may be eligible to *reset their resident cap* if they start a new residency program training at least 3.0 FTEs between December 27, 2020 and before December 27, 2025.

*Next Step:* Category B Hospitals should confirm the accuracy of their PRA/CAP and then may contact their MAC to request a PRA reset and/or resident cap reset before December 27, 2025.

CCN	Name	County	PRA?	Max PRA
010100	THOMAS HOSPITAL	BALDWIN	*	0
010083	SOUTH BALDWIN REGIONAL MEDICAL CENTER	BALDWIN	*	94463
010144	SPRINGHILL MEDICAL CENTER	MOBILE	*	96887
010090	PROVIDENCE HOSPITAL	MOBILE	*	79600
010168	JACK HUGHSTON MEMORIAL HOSPITAL	RUSSELL		120136
010016	SHELBY BAPTIST MEDICAL CENTER	SHELBY	*	0

#### Table 2: Category B

An asterisk in the PRA? column denotes that the maximum PRA paid by the hospital is less than benchmark PRA for the region.

### **3** Never Claimer Hospitals

**Never Claimers:** Hospitals that have never claimd residents for GME payment on any cost report. This includes hospitals that have had documented resident rotators in the past that were not claimed to establish a Per Resident Amount (PRA), and also hospitals that have never trained residents. For those hopsitals that *have* trained residents in the past and never reported them, there is a risk of inadvertantly setting a new PRA of zero and of establishing a cap in the future if 1.0 or more FTE of residents are being trained in a fiscal cost report year after 12/27/2020. In some circumstances the data may be incorrect and should be contested by contacting the MAC.

- Check to confirm that you do not have a claimed PRA/cap for all years.
- If you are not training greater than 1.0 FTEs right now, you do not need to contact your MAC until you begin training 1.0 or more FTEs.

*Next Step:* Any hospital that is in this category of "Never Claimer" that has trained 1.0 or more FTE in any fiscal cost report year following 12/27/20 MUST begin claiming those resident FTE as of that cost report year. The documentation maintained by the hospital regarding the costs it incurred in training those FTE will establish the PRA for that hospital, and may or may not start the cap-setting period. Note that such a hospital that reports no costs is at high risk of establishing a PRA of ZERO, that will remain established into the future.

### 4 All Other Hospitals

**"Non-A Non-B"** established teaching hospitals: Hospitals that don't appear to qualify for a PRA/cap reset because they have claimed FTE greater than the eligibility criteria for category A at least 1.0 FTE) or category B (more than 3.0 FTE).

Next Step:"Non-A Non-B" should confirm that they are not in fact eligible for a PRA/cap reset.
